

It's		The night	
Alright with me		Always a good friend	
As long as you		A glass of wine	
Are by my side		An' the lights down low	
Talk		And you	you
Or just say nothin'		Lyin' beside me	
I don't mind		Me full o' love	
Your looks never lie		An' filled with hope	aah
 Mmm, I was always on the run		 You	
Findin' out		You are always on my mind	
Mmm, what I was looking for and I		You	
Was always insecure		You're the one I'm livin' for	
 Just until I found you	Ohoh	You	
 Words		You're my everlasting fire	
Often don't come easy		You	ohho
I never learned		<i>You're my always shinin' star</i>	
To show the inside of me oh no my baby		Always on my mind	
And you		You	
Are always patient		You're the one I'm livin' for	
Draggin' out		You	
What I try to hide		You're my everlasting fire	Whoaohoh
 I was always on the run	Haha	<i>You're my always shinin' star</i>	
Findin' out		<i>You're my always</i>	ooh
What I was lookin' for and I		<i>You're my always shinin' star</i>	
Was always insecure		Bahbahba baby	
Until I found	oh no	<i>You're my always shinin' star</i>	
 You		<i>You're my always shinin' star</i>	
You are always on my mind,			
You			
You're the one I'm livin' for			
You			
You're my everlasting fire			
 <i>You're my always shinin' star</i>	Oh no		
 <i>You're my always</i>
